

MARIE JOSE'S MURDER

The folder which was under Marie Jose

Overview of the dead body

Marie Jose died on the 18th of August 2015 but we discovered her body on the 23rd of August. She was in the gymnasium of Notre Dame de la Paix in Lille when we found her. Next to her there were many items and clues like a folder which was under her body and “JACK” was written on it.

After our investigations we have concluded that Marie Jose was killed by Sylvain D because she had information about him and because she knew the true identity of Jack the ripper. On the ground next to her we could see a blood stain so we think that she was shot dead...In the folder we discovered many interesting clues about the Jack the Ripper case.

This is historical fiction from the high school Notre Dame de la Paix, Place du Concert, Lille.
